Higher Diploma in Work and Organisational Leadership

NFQ Level 8

18 Months

Hybrid Learning

Introduction

This 18-month NQF Level 8 certified programme is designed to build leadership capability at a time when it is more important than ever. A leader's ability to filter and focus is never more prescient than now. It is designed to equip leaders with the necessary skills to adapt and achieve in an uncertain and ever-changing environment. It will enhance participants' leadership capability through custom designed modules specifically applicable to day-to-day challenges in self-leadership, people and talent management, managing change, customer relationship management, strategic thinking, and transformation management.
